WHO AM I?

I'm a software craftsman living in Milan, born and raised in Treviso (Italy). I've been programming for over half of my life, I'm comfortable creating, developing, maintaining, and improving software written in C, C#, Python, Elixir, Rust, etc (most of my recent projects have been written in Elixir). I'd like to work more on Haskell, Rust, Erlang, OCaml, Scheme. I believe in the value of Open Source Software. My current interests revolve around functional programming, algorithms, compilers, interpreters, domain-specific languages, virtual machines and autonomous robot.

EXPERIENCE

- | | | |
|--|--|-----------------------------------|
| 04/2020-now
Milan - full time | Software Developer
Creating infrastructure and microservices written in Elixir and Rust from scratch for listing platform and then for internal tool to manage real estate transactions. The main application is written with command library in CQRS and Event Sourcing. Help to create or evolve Test Automation, CI/CD and Observability practices.
Elixir / Rust / TypeScript | Casavo |
| 06/2018-03/2020
